

Archambault Brothers Disposal

"PROUDLY SERVING YOUR DISPOSAL NEEDS"

Archambault Brothers Disposal is providing a 96-gallon trash can for your home to use. This can will hold approximately 7-8, tall kitchen bags. We have additional size cans if you need to adjust. Our additional can sizes are 48-gallon (4-5 bags) and 64-gallon (5-7 bags). Please call for pricing.

The can is the property of Archambault Brothers Disposal and is being provided as part of your residential service fees. If the can is lost or stolen the homeowner will be charged a replacement cost of \$55 per receptacle. If the homeowner moves, the can must be returned to Archambault Brothers.

All garbage must be bagged and only the can will be picked for the current rate. No garbage will be hand picked off the ground. We will still pick large items like mattresses, box springs, TV's, dressers and so forth for an extra charge. Large items must be arranged with Archambault Brothers Disposal in advance and paid for prior to pick up. Please call our office for prices. Extra garbage (1 or 2 bags) that do not fit inside must be bagged and set next to the can and we will pick it up if you call us. If this becomes a normal event, we may ask you to adjust the can size.

Please continue to place your cans curb side and have them out no later than 7:00am on the morning of pick-up. Please place your recycling bin on one side of the driveway and garbage on the other as pictured below.

Thank you,
Archambault Brothers Disposal
