MORRISTOWN ZONING BOARD MEETING MINUTES

Regular Meeting Thursday, January 16, 2020

Members Present: Jim Lonergan, Steve Felix, Mark Morris, Tyler Velzke, Skylar Gregor

Absent: Zoning Administrator Brent Vollbrecht

Also Present: Tim Strobel, City Administrator Brad Potter, City Clerk/Treasurer Sheri Gregor

1. **Call to Order:** The Morristown Zoning Board meeting was called to order at 7:00 p.m., by Chairman Jim Lonergan, on Thursday, January 16, 2020, in the Council Chambers at City Hall, at 402 S. Division Street.
2. **Additions/Corrections to Agenda:**
Motion by Mark Morris, seconded by Steve Felix, and was carried unanimously to approve the agenda as printed.
3. **Additions/Corrections of Meeting Minutes:**
Motion by Mark Morris, seconded by Tyler Velzke, and was carried unanimously to approve the November 21, 2019 meeting minutes. No December meeting was held.
4. **Report Council Action Taken at Last Meeting:**
Property owner of 404 3rd St. S.E. challenging the \$100 assessment fine.
Skylar Gregor appointed to the Zoning Board Committee.
2020 Master Fee Schedule zoning permit minimum extension fee approved.
5. **Requests to be Heard:**
Phil Brooks submitted a request for a variance; in order to make an apartment in the back on the main floor of his building at 118 Division St. N.. This would only allow the front entrance of the business commercial district building to be 12', instead of the required 20' of business or office space. The zoning board concluded to deny the request.
Tim Strobel, real estate agent, on behalf of the 110 4th St. property, asks if a potential buyer could build an unattached garage on the north/east side of this non-conforming lot. The front side of the house faces south where there is no improved street; causing the current address is not the proper address. Two parcels have been deeded over, adding 20', to allow for the driveway width. The zoning board agrees and will entertain that a garage can be built, if conditions are met. The conditions are that the deeds are recorded with the County, a permit application submitted with accurate lot lines, structures drawings and setbacks, the excess drive to the garage has to be hard surfaced, and the old shed on a platted alley removed.
6. **Old/Unfinished Business:**
 - A. **Vacant Zoning Board Seat Candidate** – Motion by Steve Felix, seconded by Skylar Gregor, and carried unanimously to proceed to recommend to the city council the appointment of Clay Rhetmeyer, to fill the vacated zoning board position.

6. Old/Unfinished Business:(cont.)

B. Ordinance §152.091 Dwelling Restrictions C. Amendment – The Board discussed possibly amending dwelling restrictions to include another option, such as a footing design approved by a structural engineer for the State of Minnesota and the state building code. Morristown's Code of Ordinances currently reads residential occupied structures must have permanent continuous poured foundation wall (footing) footings with a minimum depth of 42 inches to clay or granular fill. Motion by Mark Morris, seconded by Tyler Velzke, and was carried unanimously to recommend to the city council to hold a joint work session, invite Dan Murphy, state building inspector, to revisit and discuss the option of adopting the state building code for the City of Morristown. Brad Potter will set up a date to hold this work session.

C. Rezone residential properties that are in commercial district.

There are several residential parcels that are zoned commercial, due to their proximity to the commercial businesses. Tim Strobel, representing 108 Main St. W., would like to see that property and others rezone to residential. The reasoning is to purchase that property requires 50% loan down payment. If zoned residential, the down payment is considerably less, and there is a federal rural development loan, for small cities, available for qualified applicants at 0%. A future public hearing will address this issue.

D. Assessment of after-the-fact zoning permits (unpaid \$100.00 administrative fines) – The board was updated on the situation that has occurred regarding Kurt Wolf at 404 3rd St. S.E.. On behalf of the zoning board, Steve Felix motioned, seconded by Skylar Gregor, and was carried unanimously to recommend to the city council to keep the after-the-fact permit fine in place, but if the fine is waived for 404 3rd St. S.E., to refund the previous administrative fines given out over the past 5 years, to meet the criteria of §152.296, the fine structure, and treat everyone equal.

E. 206 Bloomer St. W. – The violation notice cited for the maintenance and appearance of the primary structure was been corrected.

F. 105 2nd St. S.E. – Expired Zoning Permit – Brad Potter has an agreement written, and with Attorney Mark Rahricks approval, will be directed to the owner for her signature, stating the structure and the structural engineer design footings are completed. These engineer footings will be a recorded document with the county; so when a title search is done the footing issue will be revealed. A motion made by Tyler Velzke, seconded by Skylar Gregor, and was carried unanimously for notice to be sent to the property owner of 105 2nd St. S.E., to reapply for a zoning permit extension @ \$132.00 for six months, January 1 to June 30, 2020, to complete the house exterior and documentation the engineer approved footings are installed.

G. 412 Sidney St. W. – The non-complaint issues at 412 Sidney St. W. are being addressed by the city attorney and the city administrator; keeping the council up-to-date on any progress.

H. 26 Chestnut St. – Fence update – This setback issue is now in the hands for the city council.

7. New Business:

A. 112 Division Street N. – This building has been sold. The new owners are Brian and Lori Schultz, Warsaw. The upstairs apartment will have new tenants February 15th.

B. Ag Property - 248th Street W. – The land that lays in-between the city limits is for sale.

7. **New Business** (cont.)

C. **Long Term Zoning and Land Use** – Brad Potter spoke about possibly dividing the map of the city into quadrants. There are also streets and alleys that are no longer used that could be vacated. Discussion on long term plans will also be continued.

8. **Zoning Administrator's Report:**

City Administrator, Brad Potter Update: In the spring, a new house/garage construction may perhaps begin on 1st Street N.E.

9. **Adjournment:**

Motion by Steve Felix, seconded by Skylar Gregor, and was carried unanimously to adjourn at 9:13 p.m..

MORRISTOWN ZONING BOARD MEETING MINUTES

Regular Meeting and Public Hearings Thursday, February 20, 2020

Members Present: Jim Lonergan, Steve Felix, Tyler Velzke, Skylar Gregor

Absent: Clay Rehtmeyer, City Administrator Brad Potter

Also Present: Anita Livingston, Missy Schulz, Tim Strobel, Kevin Jacobson, Zoning Administrator Brent Vollbrecht, City Clerk/Treasurer Sheri Gregor, Mayor Tony Lindahl

1. **Call to Order:** The Morristown Zoning Board meeting was called to order at 7:00 p.m., by Chairman Jim Lonergan, on Thursday, February 20, 2020, in the Council Chambers at City Hall, at 402 S. Division Street.
2. **Additions/Corrections to Agenda:**
Add Joint Work Session, March 2, 2020 at 6 p.m. under Old Business. Motion by Steve Felix, seconded by Tyler Velzke, and was carried unanimously to approve the agenda as presented.
3. **Additions/Corrections of Meeting Minutes:**
Motion by Steve Felix, seconded by Skylar Gregor, and was carried unanimously to approve the January 16, 2020 meeting minutes.
4. **Report Council Action Taken at Last Meeting:**
The City Council appointed Clay Rehtmeyer as the newest committee member of the Zoning Board. The City Council fined Michele Voegelé \$50, in lieu of the \$100 after-the-fact permit violation. The City Council waived the \$100 after-the-fact permit violation fine of Kurt Wolf and did not take the recommendation from the zoning board to refund the after-the-fact permit violation fines from the last five years, to treat everyone the same. At this February 20th zoning board meeting, a member of the zoning board, who was in attendance at the last city council meeting feels misled. He spoke on how it has always been the belief, of the zoning board, that when the city council approves of the zoning board's minutes, they are also accepting the contents. At the last city council meeting, the zoning board members, that were present, were told by a city council member only the zoning board's meeting minutes are accepted, but not the contents. The zoning board is examining their purpose, if not validated by the city council.
5. **Requests to be Heard:**
Tim Strobel spoke on another reason for the property he is representing as the realtor to be rezoned from commercial to residential. That being, if that house were destroyed, the owner could not replace the residential structures; being zoned commercial business.
6. **Old/Unfinished Business:**
 - A. Long Term Zoning and Land Use - In Brad Potter's absence, this matter is tabled until the March 19, 2020 meeting.
 - B. Letters of Permit Expiration, Extension – Letters are to be sent out, as a reminder, to permit holder's whose issued permits have expired and are no longer valid due to their project not being completed. Expired permit holders must reapply for an extension. Permit holder's whose project is not yet complete will receive a 45-day notice of expiration.

At 7:30 p.m., Steve Felix motioned to close the regular meeting and open the public hearings, seconded by Tyler Velzke, and was carried unanimously.

PUBLIC HEARING – 7:30 P.M.

**** Rezoning existing residential properties from B-2, Central Business District to R-1, Single Family District in an area with boundaries of Franklin Street on the north side, 1st Street NE/SE on the east side, Washington Street on the south side, and 2nd Street SW on the west side.**

**** Amending Sections §152.066 and §152.091 of the Morristown City Code to allow footing designs that are approved by a structural engineer in the State of Minnesota.**

Motion by Skylar Gregor, seconded by Tyler Velzke, and was carried unanimously to close the public hearings, at 7:45 p.m.. Motion by Steve Felix, seconded by Skylar Gregor, and was carried unanimously to reopen the regular meeting.

6. Old/Unfinished Business: (cont.)

- C. Recommendation to the Council – Motion by Skylar Gregor, seconded by Steve Felix, and was carried unanimously to recommend to the city council to rezone, not all, but rezone the properties that are indifferent on the provided maps from commercial to residential district. It was stated that if an adjacent commercial business wishes to expand and purchase the residential property, they can have that property rezoned back into the commercial district.
- D. Recommendation to the Council – Motion by Skylar Gregor, seconded by Tyler Velzke, and was carried unanimously to recommend to the city council to amend Ordinance §152.066 Dwelling Restrictions (B) and Ordinance §152.091 Dwelling Restrictions (C) to include the permanent continuous foundation technique, submitted and approved by the zoning board, from a “state licensed structural engineer”.
- E. Case by Case Extension Permit – Rate Formula Procedure
At the next zoning board meeting, the board will determine the procedure in which the case-by-case extension cost will be applied (minimum fee of \$25.00, original timeframe and cost of permit, percentage of work yet to be completed).

7. New Business:

- A. Kevin Jacobson – Mr. Jacobson applied for a zoning permit, exact address yet to be determined, on 1st Street N.E. The board reviewed the submitted application and drawing. Motion by Steve Felix, seconded by Skylar Gregor, and was carried unanimously to approve the application and issue a permit.

8. Zoning Administrator’s Report:

No activity at this time.

General Note – Please contact our zoning administrator, Brent Vollbrecht, or the city administration office when your project is completed. Then the zoning administrator can arrange a time to meet with the property owner or contractor to sign off and close the permit.

Permits Approved by Zoning Board:

Kevin Jacobson – 1st Street N.E. – 3,584 square foot House attached Garage/ with Deck

9. Zoning Board's Discussion and Concerns:

Members voiced their concerns with Mayor Tony Lindahl about their role as the zoning board. As the board does the homework for the council, their belief was the council would support their recommendations. The zoning boards, past and present, were under the impression that when the zoning minutes are approved, as part of the consent agenda, that meant the contents are also approved. The zoning board also stands firm that an application for a zoning permit must be signed by the property owner or the licensed contractor.

Motion by Tyler Velzke, seconded by Skylar Gregor, and was carried unanimously to advise the city council to approve our zoning board's February 20, 2020 meeting minutes, and accepting 100% of its contents, within the minutes.

- 10. Adjournment:** Motion by Steve Felix, seconded by Tyler Velzke, and was carried unanimously to adjourn at 8:37 p.m..

- 11. Next Joint Meeting:** Monday, March 2, 2020 at 6 pm

7. New Business:

- A. Tyler Velzke – Permit Extension – Zoning Administrator, Brent Vollbrecht, closed Tyler's new construction zoning permit, therefore an extension is not needed. Tyler will apply for a deck permit when he is ready to build.
- B. Mary Schulz – An application and drawings were presented by Mary Schulz, to the zoning board, to build a 27'X48'X10' post frame building on the agricultural zoned land at 601 Washington Street E.. There is some uncertainty as to if the acreage is correct at 5.1 and zoning has been changed to agricultural from residential. Documentation of the zoning board's November 15, 2018 and Resolution 2018-23 indicates the agricultural requirements are met. Therefore, a motion was made by Clay Rehtmeyer, seconded by Tyler Velzke, and was carried. Skylar Gregor abstained. Once the new construction is complete, Mary Schulz will apply for a demolition permit to remove the tornado damaged shed that currently sits on her property.

Public Hearing

The Morristown Township was approached first for the annexation of the 2.5 acres into the city limits. The plan is to be rezoned agriculture for commercial use.

Dan Purvis, Ratcliff Development, via phone conversation, informed the board the County asks the business dedicate a little bit of the easement on Holland Ave., for any utilities that the city may eventually run out there. Rice County has approved the access road off Holland Avenue to line up direct across from the car wash entrance. The driveway will be 36 feet wide with an entrance/exit lane. Ditch drainage has been addressed. The Dollar General proposed site plan illustrates the building is 9,100 square feet with 30 customer parking stalls. A development agreement, which the city council will address, will be made with Dollar General that if water and sewer becomes available, within a 12-year timeframe, they will hook up to city utilities. They will have their own well and septic at that location. Once there is a signed lease, Ratcliff Development plans are to break ground around August 1, 2020 and by November 18, 2020 turn over the building to Dollar General to move in.

The board asked if a by-pass lane on the west side of Holland Avenue would be added for vehicles coming off of Hwy 60 to go around any semi delivering goods pulling into the lot. Dan Purvis stated MNDOT and the County did not seem to have an issue with that, as the access drive is 400 feet from the highway. Based on the 2019 tax levy, the City of Morristown will receive approximately \$12,000.00 tax dollars from Dollar General, and that does not include Rice County or the school district taxes. Dollar General is not receiving a tax abatement. The board was concerned if the store would not be able to make it, would it stand empty. Dan stated any of the Dollar General store he has been involved with none has closed. Dollar General still pay the taxes and would undoubtedly sell the property.

Dan Morris, Morristown Township, request that if the deal fails to happen, the 2.5 acreage would return to the township.

Motion by Steve Felix, seconded by Skylar Gregor, and was carried unanimously to close the public hearing at 8:06 p.m.. A motion was made by Steve Felix, seconded by Tyler Velzke, and was carried unanimously to reopen the regular meeting. Motion by Clay Rehtmeyer, seconded by Skylar Gregor, and was carried unanimously to approve the Ratcliff Development site plan and Dollar General utility agreement.

6. Old/Unfinished Business: (cont.)

- C. Zoning Administrator Position – Skylar Gregor volunteered to take on the role of zoning administrator. Motion by Steve Felix, seconded by Tyler Velzke, and was carried unanimously to recommend to the city council to appoint Skylar Gregor the zoning administrator, or as temporary zoning administrator if the council decides to post the position, on June 1, 2020.
- D. Dollar General – Site Plan and Utilities Agreement – This item was approved of after the public hearing.
- E. Long Term Zoning and Land Use – Brad Potter mentioned people seem interested in townhomes. Dale Melchert has shown interest in purchasing the small city parcel next to his property. The board discussed alleys that should be vacated. This discussion will be tabled to the June meeting.

In favor was Skylar Gregor, opposed by Jim Lonergan and Steve Felix. Motion passed.
- E. MORRISTOWN ZONING BOARD MEETING MINUTES

Regular Meeting 7:00 p.m. Monday, December 17, 2020

Members Present: Steve Felix (SF), Clay Rehtmeyer (CR), Faye Golombeski (FG), Zoning Administrator Skylar Gregor (SG)

Members Absent: Chairman Jim Lonergan (JL), Tyler Velzke (TV)

Also Present: City Clerk/Treasurer Lisa Duban (LD), City Administrator Michael Mueller (MM)

1. Call to Order:

The Morristown Zoning Board regular meeting was called to order at 7:00 p.m. by SF on Thursday, December 17, 2020, in the Council Chambers in City Hall, at 402 Division Street S., Morristown, MN 55052.

2. Additions/Corrections to Agenda:

Motion by CR, seconded by FG, and was carried unanimously to approve the agenda as printed.

3. Additions/Corrections of Meeting Minutes:

Motion by CR, seconded by FG and was carried unanimously to approve the November 19, 2020 Zoning Board Meeting Minutes.

4. Report Council Action Taken at Last Meeting:

-Council approved an increase in pay for zoning board members from \$15/meeting to \$25/meeting effective 1/1/2020.

- Council approved Resolution 2020-32 Summary Publication of Ordinance 2020-7 Native Vegetation and Resolution 2020-33 Summary Publication of Ordinance 2020-6 Chicken Ordinance.

-Council suggested that Jake Golombeski try to get in contact with the Zoning Administrator regarding the closing of permits.

5. Requests to be Heard:

No requests to be heard.

6. Old/Unfinished Business:

A. Mobile Home Permit time limit – MM contacted the mobile homeowner and researched regulations on moving mobile homes. He discovered that neither the mobile home park owner nor the state mobile home moving license have set timeframes for install. The install timeframe would need to be set by the city zoning permit. The zoning board should establish when a permit should be pulled, how long it lasts and penalties if not followed. The board determined that this item would be tabled until the next meeting.

B. Mark Moriarity Sr. – 34 Charlotte Street requesting final permit inspection for his shed – SG has finalized this permit.

7. New Business:

A. Review ordinances that may need clarification – The board expressed concerns with permits expiring and the work not being completed. Board discussion revolved around what the city can do to curb this behavior. MM suggested that we increase the permit extension fee. Currently, permits can be extended for \$25 per extension indefinitely.

MM suggested that the 1st extension be \$25 and each time thereafter the extension fee would double (ie: 1st extension \$25, 2nd \$50, 3rd, \$100) up to the discretion of the zoning board. SF noted that homeowners may just come and get a new permit for the work vs. asking for an extension. MM suggested that we add in that they cannot get a new permit for existing work and must extend the current permit. Motion by CR, seconded by FG, and was carried unanimously to suggest that City Council approve the following change to permit extension fees: after an initial \$25 zoning permit extension fee, the extension fee will double from the previous for each extension thereafter and is up to the discretion of the Zoning Board.

- B. Hoop Sheds – SG noted that he looked at the properties located at 202 Washington St. E, 102 2nd St. NE, and 105 1st St NE where hoop sheds have been placed. Discussion included whether hoop sheds were allowed. The board agreed that it is important to address since there are three now and will be more in the future. Additional research is necessary to determine if and where they are allowed. Item tabled until the next meeting for further research.

8. Zoning Administrator's Report:

SG noted that he has all permits closed that can be closed at this time. There are a few still in place and he had been in contact with homeowners regarding the status. Motion by FG, seconded by CR and was carried unanimously to accept the Zoning Administrators report as presented.

Permits Issued by City Clerk:

- 2020-56: Mobile Home Solutions – Lot #9, Riverside Mobile Home Park – Install of mobile home

Permits Issued by Zoning Administrator: None at this time

Permits Closed by Zoning Administrator: None at this time

- 9. Adjournment:** Motioned by FG seconded by CR, and was carried unanimously to adjourn at 8:37 p.m.

- 10. Next Regular Meeting:** Thursday, January 21, 2021 at 7:00 p.m.
