C.	Project Close	Discussion on amounts to hold back from the final payment to the construction company. Money being held back is for the Watermain Tracer Wire discontinuity and

the still needed curb replacement on Ann St. Council thinks there will be more concrete replaced than they are estimating, so that number needs to be increased to around \$7,000. They also think that the Tracer Wire should be closer to \$10,000. Administrator will communicate with the engineer.

D. **Permit Violation** Start Fine Process for Permit Violation

E. **FEMA** Discussion regarding extra FEMA money, possibly park trail improvement. Estimates will begin once winter is over.

F. **Letter of Support** Motion by Kruger, seconded by Nusbaum to donate \$5,000 to Support the Hazard Mitigation Grant, Cannon River Watershed.

G. **Operator** The City of Waterville's Licensed Wastewater Operator will be retiring. They are currently hiring for the position, but they are wondering if Ellen could help them out if they need it. They have another Wastewater Operator, but he doesn't have his license. So, if they need assistance, it would be very minimal.
